## NEW ABSOLUTE 60 FLY AND COUPE' RANGE FOR 2022

Absolute Yachts approaches the start of boating season creating high expectations for the Generation 2022 new models.

The first revolution will take place with the arrival of the 60 FLY, a completely new model called "The Absolute Prisma".

A yacht that will redefine the range with new ground-breaking design elements, such as the owner's full beam master at the bow and the aft cockpit terrace, free from any fixed furniture elements.

The exterior lines of the 60 FLY are now enriched by elegant transparencies, thanks to the glazed balustrades that offer breath-taking views from both the fly and the cockpit. On the upper deck, the flybridge area offers a second open-air saloon totally immersed in the surrounding landscape, whose generous dimensions are just waiting to be lived.

The al-fresco galley and dining area, lounge space, high-tech helm station are framed by elegant design lines, colour contrasts and refined finishes. Even the bow area is designed for maximum versatility of use thanks to a comfortable sofa with table, a sunbathing area, and music: social boating and privacy, all in one, day and night.
