NAVETTA 70

Apsolutna privlačnost

The Absolute Allure

Reč „privlačnost“ koju je brodogradilište Absolute izabralo za model Navetta 70, savršeno oslikava njegov magnetski uticaj. Kombinacija inovativnog, modernog i klasičnog dizajna, uz vrhunske performanse i luksuzan enterijer, čini ovu jahtu jednostavno neodoljivom

The word 'allure,' chosen by Absolute Yachts for the Navetta 70, perfectly encapsulates its magnetic appeal. The combination of innovative, modern, and classic design, coupled with superior performance and a luxurious interior, makes this yacht simply irresistible

Navetta 70 donosi potpuno novu dimenziju luksuza i inovacije u Absolute flotu, obećavajući nezaboravno navigaciono iskustvo. Ovaj model skreće pažnju svojim dinamičnim linijama i redizajniranim flajbridžom, dok prostrana terasa u kokpitu pruža savršen spoj udobnosti i stila. Pored inovativnih dizajnerskih elemenata, Navetta 70 ne zaboravlja prepoznatljive karakteristike brenda Absolute, poput kulturnih staklenih bočnih ograda, čime čuva svoj jedinstveni pečat.

Svaki detalj najnovijeg modela serije Navetta odražava njegovu privlačnost, počevši od dinamičnog i impozantnog eksterijera. Flajbridž i terasa kokpita su znatno prostraniji u poređenju s jahtama slične veličine, pružajući novu dimenziju udobnosti i uživanja.

Sa prostrane terase kokpita na krmu, gde je smeštena treća privezna stanica, natkriveno stepenište vodi do flajbridža. Ovdje se pod hladovinom čvrstog krova, dostupnog u dve konfiguracije, uživa u trenucima opuštanja i druženja. Naime, krov se može otvarati ako se odlučite za pokrivanje sa zasenčenjem, ili biti fiksna ukoliko više volite dodavanje solarnih panela, koji su la-

Navetta 70 predstavlja vrhunac evolucije dizajna unutar linije Navetta. Nastavljajući s inovativnim dizajnom i efikasnim performansama, brodogradilište Absolute je sa ovim modelom ponudilo potpuno novi pristup, kombinujući klasične elemente sa modernom tehnologijom kako bi stvorilo zaista jedinstveno iskustvo plovidbe

gani, efikasni, fleksibilni i otporni na uticaj slane vode. Ovi paneli doprinose udobnosti gostiju i posade, kako tokom plovidbe, tako i u luci. Brodogradilište Absolute odavno posvećuje posebnu pažnju pitanjima održivosti, koja predstavljaju suštinsku karakteristiku njihovog poslovanja, obeleženog dubokom ljubavlju i poštovanjem prema morskom okruženju.

SAVREMENA ELEGANCIJA I FUNKCIONALNOST

Unutrašnjost modela Navetta 70 isijava senzualnost i zavodljivost, s pažljivo

odabranim beljenim drvetom u tonovima bele, sive i crne. Dizajn se ističe zaobljenim uglovima nameštaja i bronanim detaljima, što stvara elegantnu i glamuroznu atmosferu. Ovaj model omogućava slobodu kretanja uz minimalan broj stepenika, visoke plafone i klizna vrata koja štednjom prostora doprinose komforu. Osećaj kontinuiteta dodatno se naglašava motivima koji se ponavljaju u dekoru plafona i elementima rasvete. Veliki prozori kroz ceo prostor pružaju stalnu povezanost s morskim pejzažom, diskretno se stapajući sa sofisticiranim enterijerom.

NEPREVAZIĐENO ISKUSTVO FLAJBRIDŽA

Flajbridž nudi izuzetno privilegovano okruženje, dostupno u dve različite verzije (A i B), iz kojeg se pruža mogućnost uživanja u beskrajnim morskim spektaklima. Njegov dizajn deluje kao deo daleko veće jahte, s besprekornim integrisanim elementima, od kormilarnice postavljene napred, preko šanka i kuhinje na otvorenom, pa sve do trpezarijskog stola za 6-8 gostiju, koji uživa u hladovini nadstrešnice na uvlačenje. Prostor za slobodno vreme na krmu opremljen je dizajnerskim nameštajem koji se može prilagoditi svakoj prilici, bilo da uživate u aperitivu uz zrake toplog zalazećeg sunca ili se pripremate za noćni ples. Sličan osećaj prostranosti prevladava na terasi kokpita i u salonu, gde se nalazi sto i prostrana kuhinja, obogaćeni modernim tonovima i izvanrednom veštinom najboljih italijanskih zanatlija.

Inovativni dizajn novog modela Navetta 70 označava prekretnicu u sektoru luksuznih jahti, otvarajući put novim granicama plovidbe, gde se udobnost, elegancija i izvrsnost harmonično spajaju u jednoj jahti. ■

The Navetta 70 brings a whole new dimension of luxury and innovation to the Absolute fleet, promising an unforgettable cruising experience. This model catches the eye with its dynamic lines and redesigned flybridge, while the spacious cockpit terrace provides the perfect combination of comfort and style. In addition to the innovative design elements, the Navetta 70 does not neglect the recognizable features of the Absolute brand, such as the iconic glass bulwarks on the sides, thus preserving its unique hallmark

Every detail of the Absolute Navetta 70 expresses the allure of a completely new model, starting from the dynamic and captivating appearance of the exteriors: the flybridge and cockpit terrace are much larger compared to those of other similar yachts.

From the spacious terrace cockpit at the stern, where there is a third mooring station, a covered staircase leads up to the flybridge. Here one can enjoy moments of relaxation and socializing, taking advantage of the shade offered by the hard top, which can assume two distinct configurations depending on the customization chosen. It can, in fact, be openable if one opts for coverage through a sunshade, or fixed if one prefers the addition of solar panels, which are lightweight, efficient, flexible, and resistant to the effects of salt water. They are useful both while sailing and during port stops, improving the comfort of guests and crew on board. Absolute has always paid considerable attention to sustainability, even to the point of integrating this issue into the company ethos,

The Navetta 70 represents the pinnacle of design evolution within the Navetta line. Continuing the tradition of innovative design and efficient performance, Absolute shipyard has introduced a completely new approach with this model, combining classic elements with modern technology to create a truly unique yachting experience

which is characterized by a deep love and respect for the marine environment.

CONTEMPORARY ELEGANCE AND FUNCTIONALITY

The interiors of the Navetta 70 are supremely sensual and seductive, crafted with bleached wood, and tones of white, grey, and black. The design features rounded corners on furnishing accessories and bronze detailing for a sleek and glamorous look. The yacht ensures freedom of movement with minimal steps, high ceilings, and space-saving sliding doors. A sense of continuity is achieved through circular motifs in ceiling decor and light fittings. Large windows throughout provide a constant connection with the seascape, blending seamlessly with the sophisticated interior design.

UNMATCHED FLYBRIDGE EXPERIENCE

The flybridge of the new Navetta 70 offers a privileged setting, in two different versions A and B, from which to enjoy the infinite spectacle of the sea. It feels like part of a far larger yacht, with its progression of seamlessly integrated areas, from the forward

helm station, to a wet bar, outdoor galley and dining table for 6-8 guests in the shade offered by a retractable canopy, to the leisure area astern with designer furniture that can be rearranged to suit the occasion, whether aperitifs in the warm light of the setting sun, or a platform for late-night dancing. The same sense of generous space can be found on the cockpit terrace and the saloon with its free-standing table and large galley, enhanced by the use of stylish colours and the exquisite crafts skill of Italy's finest artisans. The innovative design of the new Navetta 70 marks a turning point in the luxury yacht sector, paving the way for new frontiers in navigation, where comfort, elegance, and excellence harmoniously converge in a single yacht. ■
