

# ABSOLUTE NAVETTA 58

ABSOLUTNO DRUGAČIJA  
ABSOLUTELY DIFFERENT

**Novi model talijanskog brodograditelja pripada sasvim novoj obitelji plovila koju je Absolute uspješno predstavio na sajmu u Cannesu**

The new model of the Italian yard is the latest in the series that debuted and - dazzled - last year in Cannes

Tekst Darko Šupuk Fotografije Absolute

Nekoliko je trendova koji dominiraju svijetom jahtinga posljednjih godina. To su potreba za sve većim prostorom, kako na otvorenom, tako i u unutrašnjosti, 'pametnija' plovidba uz nižu potrošnju i neizostavna velika bočna okna kroz koja svaki prostor uživa u obilju prirodnog svjetla. U Absolutu su uz vlastite modele koji i onako zadovoljavaju spomenute kriterije odlučili otići korak naprijed, pa je na sajmu u Cannesu predstavljena nova linija njihovih plovila s modelom Navetta 58. Ovaj moderni 'trawler' zadržao je svojstva brenda interpretirajući ih u novom ruhu. Najjednostavniji dio nove priče odnosi se na propulziju, Absolute od samog početka tog sustava ima iskustva s IPS Volvo sistemima, sva njihova plovila imaju taj sustav, pa je time jedna velika briga učas riješena. Manja potrošnja goriva znači veću autonomiju, manje zagađivanja, više komfora. Namjera iskoraka talijanskog proizvođača je bila da nova linija osim što ide 'niz dlaku' današnjem tržištu bude puno više brod nego gliser. Stoga novi model ima visoku siluetu koju može

Several trends have shaped almost every yacht within these last couple of years - desire for more space both in the interior and on the exterior, smarter, fuel-efficient sailing and large side windows to make sure the interior gets all the light it can possibly get. Absolute built in all that - and then added some more - to the models of their new series, that debuted last year in Cannes. One of them, the lovely Navetta 58, is a modern trawler that, for all its modernity, does not scream trendy. The simplest, yet best hidden, part of this model's fresh spirit is the propulsion - like all her bigger sisters, the 58 is powered by a Volvo IPS, which translates into seamless maneuvering and smarter fuel consumption. Less consumption means more autonomy, less pollution, more comfort. The Italian builder opted for IPS and fuel economy for two reasons - to respect the current trend, but also to create a comfortable yacht, rather than a fast cruiser. The new model has large and reassuringly tall sides, and allows stepping abo-

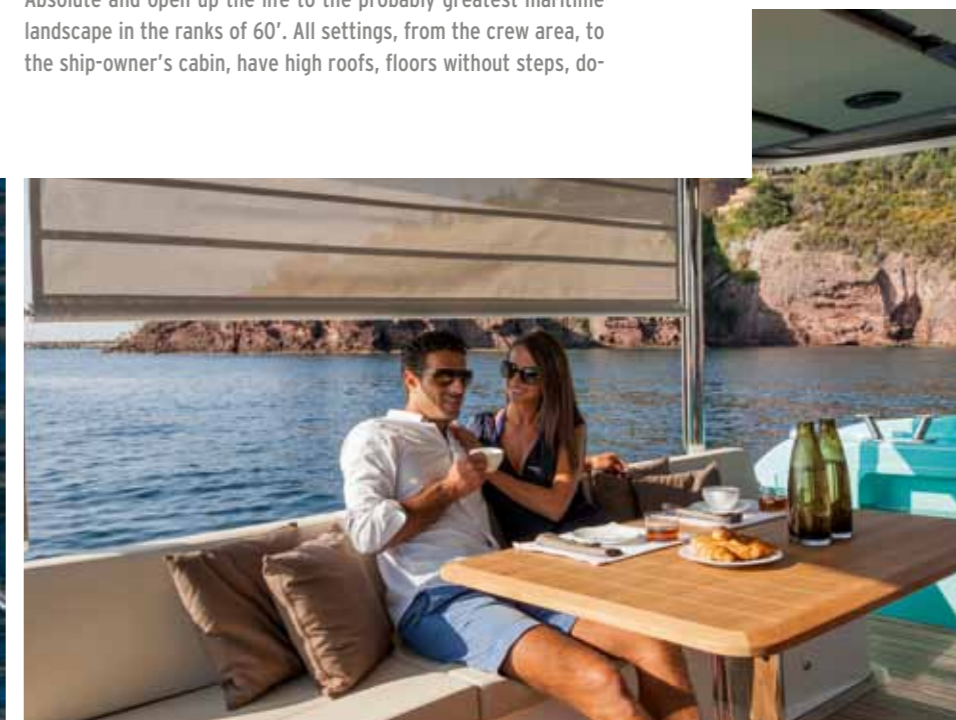

ard from the side as well, in addition to the stern platform. The handrails are available along all passages, the deck is in teak and non-slip surfaces without steps are applied up to the side pilot door. All external areas are perfectly adapted to the view on board on high seas, both for the crew and for guests of any ages. The safety is even more emphasized by the great visibility from both helms of stations, by the two independent accesses to the engine room, by the superior maneuverability in all conditions of use. But just as casted off, Navetta 58 can soften life on board with great comfort. The first thing we noticed was the bow, designed to serve a 'second cockpit', with seating and sunbeds. The interior is decidedly Italian. The breath of the side windows on the main deck and on under-deck cabins confirm the constructive ability of Absolute and open up the life to the probably greatest maritime landscape in the ranks of 60'. All settings, from the crew area, to the ship-owner's cabin, have high roofs, floors without steps, do-

Sa svoja tri sunčališta, Navetta 58 učinit će boravak na brodu vrlo lagodnim

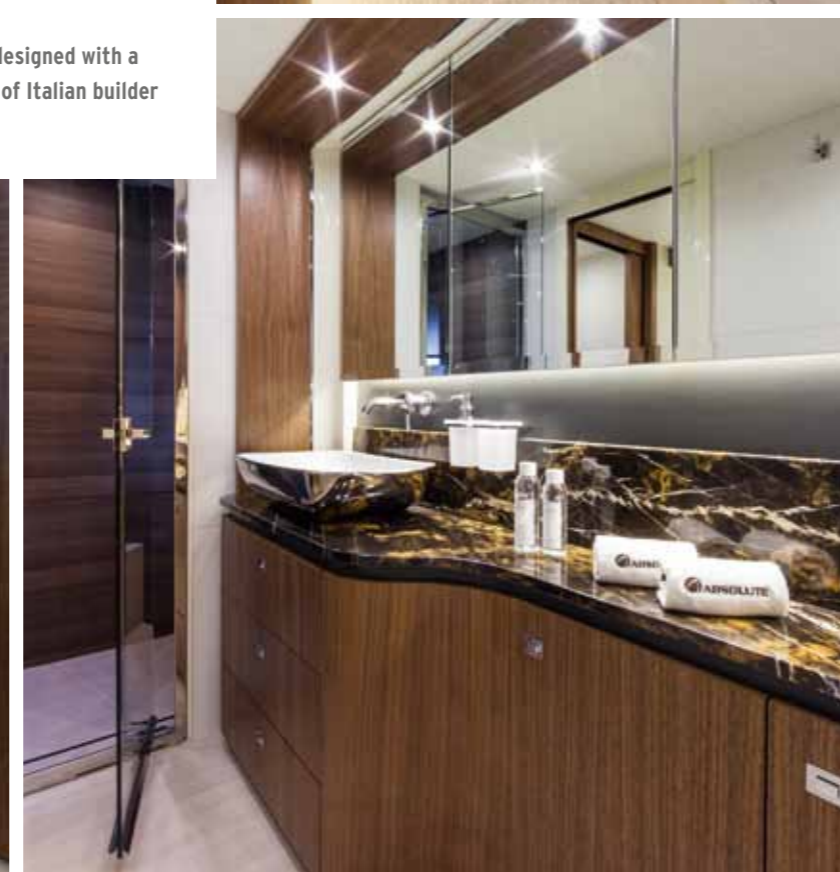

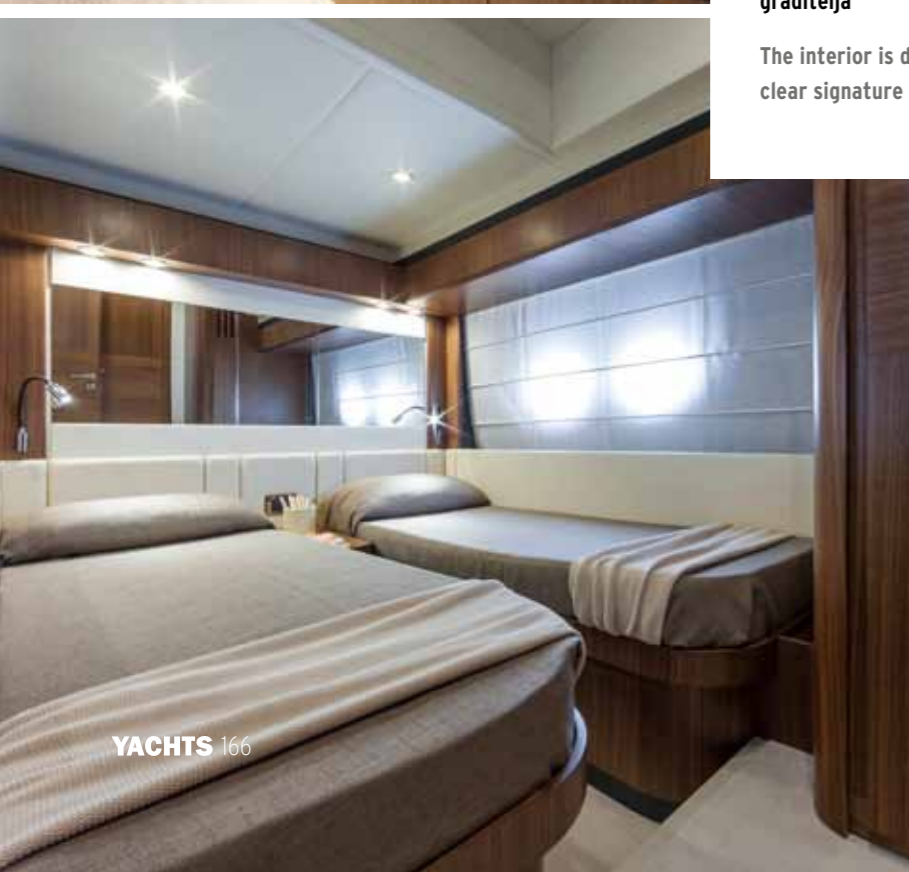

With three sunbathing stations, Navetta 58 will make life on board very comfortable

Unutrašnjost je napravljena s jasnim potpisom talijanskog graditelja

The interior is designed with a clear signature of Italian builder

### Nautički kompromisi ne mogu umanjiti komfor koji pruža ova Navetta

No nautical compromise can reduce the comfort of the Navetta 58

onome na jahtama od šezdesetihak stopa. Sve kabine, od onih za posadu, pa do vlasničke, imaju visoke stropove, ravan pod bez stuba, te vrata i prolaze ravne onima u kućama, što posebno doprinosi osjećaju prostranosti plovila. Navetta 58 ima tri sunčališta, dvije potpuno opremljene kuhinje, odvojene kabine za skipera i djecu, tri dvostruke kabine s privatnim kupaonicama i nizom kućanskih aparata, multimedijjskih uređaja i garderobama. Navetta 58 dokaz je godina iskustva svih odjela kuće Absolute, proizvod višegodišnjeg istraživanja i usavršavanja i posljednjeg detalja. Kao što ističe proizvođač, da je na ovom brodu koncept tradicionalne plovidbe odražen u novim dimenzijama i novim mogućnostima: Navetta 58 uz apsolutnu stabilnost i u savršenom komforu postiže brzinu krstarenja od 18 čvorova. U svakom slučaju zanimljiva prinova na tržištu i opasna konkurencija po vrlo konkurentnoj cijeni onim brendovima koji su već predstavili slična plovila.

ors and passages just like in a real home, which make for even a more homey feeling. Navetta 58 offers three sunbathing stations, two complete galleys, separate accommodation for captain and nursery, three double cabins with private bathrooms and all accessories, household appliances, wardrobes and multimedia devices. Navetta 58 hides the secrets and the experience of the Absolute project management, grown and completed in years of intense experimentation, optimizing at the highest level. The yard is proud to confirm in this boat, the concept of traditional navigation can consequently find a new dimension, new possibilities: maximum stability and a five stars comfort at 18 cruise knots. Navetta 58 is without a doubt an interesting new model and dangerous competition to similar concept boats in terms of both quality and price.

Duljina LOA: 17 m  
Širina Beam: 5 m  
Gaz Draft: 1,34 m  
Spremnik za gorivo Fuel capacity: 2.400 l  
Spremnik za vodu Water capacity: 600 l  
Istisnina Displacement: 26,6 t  
Motori Engines: 2x D11-IPS800 (2x460 Kw - 2x625 HP)  
Najveća brzina Max speed: 25 čv. knots  
Brzina krstarenja Cruising speed: 18 čv. knots  
Graditelj Builder: Absolute Yachts  
Zastupnik Dealer: Adriatic Wave
